	Phone :		Fax :	
Academic degree	(date of obtaining the degree, name of academic degree, university/college, title of academic dissertation)			
Academic background (period, university /college name, and department, graduation/completi on, etc.)				

## **List of applicant's achievements**

### **I. Titles of published papers and books**

The applicant's achievements (such as scientific papers, papers presented at national conferences, papers presented at international conferences, books, intellectual property rights (patents, etc.), and others (invited lectures, etc.)) should be listed by category, and then chronologically in each category. For each paper, please provide the title, authors' names (provide all authors in the same order as in the publication and underline the applicant's name), the journal in which the paper was published, the presence or absence of a review process, the volume, first and last page numbers, and the year of publication.

1. Scientific papers

2. Papers presented at domestic conferences

3. Papers presented at international conferences

4. Books authored by the applicant

5. Intellectual property rights (patents: distinguish between patents pending and those granted, with inventors listed as in the publication)

6. Academic awards (corecipients should be specified, if any)

7. Other achievements (include any other achievements, such as invited lectures, that may be relevant to your application)

## **II. Research funding/grants received**

Please list research funding/grants received in the past (such as national grants for scientific research, research funding provided by the research institution to which the applicant belongs, and research funding from ministries, local government, research funding institutions, and private companies) by category and then chronologically for each category. Research funding currently being received should also be given. A distinction should be made between cases where the applicant was a project leader and where he/she was only a member of a research group.

1. National grants for scientific research
2. Research funding provided by the research institution to which the applicant belongs
3. Research funding from ministries, local government, research funding institutions, and private companies

* Expand the space as needed.
